

International Renewal Institute, Inc.
Professional Learning Experiences for Educators

What if your students
grew their brain power to
blow the roof of your
school?

The 21st century requires new thinking, new skills, new content, new strategies, new media, and more.

Are your students ready?

Educators more than ever before are charged with enabling students to build critical thinking and problem solving skills to set the foundation for a lifetime of success in the classroom and the workplace.

Are you prepared?

iRi's Feuerstein-Based Critical Thinking Summer Seminars are 2 weeks of intensive professional learning experiences for early childhood, middle school, high school, and special needs educators dedicated to improving the thinking and reasoning skills of all students in the 21st century.

Our children must learn to think higher, deeper, and faster. The 21st century demands it.

We invite you to participate in the challenge.

iRi has been at the forefront of understanding what is demanded of our students and expected from our schools to deliver 21st century critical thinkers and boundless achievers. We have translated that vision into practical, proven methods and materials for the classroom which nurture students' minds and enable teachers to realize unparalleled success.

iRi is the leading provider of Feuerstein-based Critical Thinking, Reading, and Mathematics Professional Learning and Student Programs for 21st century classroom and clinical us.
